WHAT TO INCLUDE IN A SOP

- A brief introduction about yourself and your family.
- Your educational, employment history and information about any English test taken.
- Your reasons for not choosing your home country to undertake further studies.
- Your reasons for choosing Australia as a study destination (students must specifically write reasons about not choosing other countries such as USA, Canada, UK, New Zealand etc).
- Reasons for choosing a particular city in Australia.
- Information about why you intend to study a particular stream.
- Your reasons for choosing Queensford College (students must specifically write reasons about not choosing other colleges including the names of the colleges that you considered in the process).
- Knowledge about the course/s you are going to study.
- What are your future plans after completing these course/s (we expect students completing diploma and advanced diploma to go further and study bachelors degree – students must mention specifically the respective bachelors degree and the university they intend to further study).
- What is the job title you are seeking to gain in your home country after completing the studies in Australia.
- Demonstrate knowledge about the visa regulations and ties to home country.

Note: SOP Genuine Temporary Entrant (GTE) statement is to be at least 3 - 4 pages in length covering the above aspects

Genuine Temporary Entrant (GTE)

HOW TO STRENGTHEN A STUDENTS GTE STATEMENT

- A strong GTE statement is vital for a student to demonstrate that he/she is a genuine student and the student must be very aware of what he/she is mentioning on the GTE statement. Generic statements don't substantiate the facts. Students are required to work hard on preparing and expressing their Genuineness on the statements for which they must put ample time and effort into researching and putting things together.
- To further strengthen the GTE statements the following are highly recommended and our team at Queensford College will be highly vigilant of all the GTE statements and all eCOE will be released only after we are convinced the GTE statements comply with our requirements and following are few of the aspects that need to be included as a part of satisfying the GTE criteria.
- A strong GTE statement will support statements with concrete evidence. For example, statements concerning expectations of significantly improved circumstances and remuneration should demonstrate how this will be achieved against the background of prevailing economic circumstances in the applicant's home country. Evidence from reputable publications / organisations (including web links) concerning labour market prospects (and remuneration) helps us establish the veracity of those statements – it adds weight to the applicant's reasons for studying in Australia and helps to demonstrate that study is their primary purpose.
- In general, the GTE claims can be strengthened by applicants by providing more relevant and independent research on:
 - o alternative course options in home country and region (including course content, associated education providers; course duration, costs and evidence that links successful completion to relevant employment outcomes)
 - o alternative course options in Australia (including course content, associated education providers; course duration, costs and how the chosen course of studies/education provider will add value to the applicant's future compared to other education providers/ courses)
 - o remuneration the applicant could expect to receive in the home or a third country, using the qualifications from the proposed course.

Genuine Temporary Entrant (GTE)

Course options could be summarised in a table with following headings:

Education Provider/s Considered	Course	Website	Location	Cost/ Duration	Comments on Advantages and Disadvantages of each Provider and Course with Reasons for Choosing or Not Choosing the Provider)

- We expect student/s to include the above table in their GTE statements to demonstrate what other providers have the student/s considered and what made them choose Queensford College.
- Demonstrating a realistic knowledge of their intended course of study and associated education provider (by comparison to others) feeds into the assessment of the applicant's circumstances and whether the Student visa is being used to maintain ongoing residence in Australia.
- A strong application will include a GTE statement addressing each of the factors and then include concrete evidence to back up statements.

Further information on the GTE and GS is available on the Government Australian Department of Home Affairs website at: <https://www.homeaffairs.gov.au/>
